## **Trilogy Circuits Awarded Second-consecutive Top 10 Finish at Comerica Bank Collin 60 Ceremony**

**Richardson, Texas – May 11, 2009** – Trilogy Circuits, a premier EMS provider, was recognized as the 10<sup>th</sup>-fastest growing company in Collin County, Texas, at the Fifth-annual Comerica Bank Collin 60 awards ceremony. After finishing ninth in 2008, this marks Trilogy’s second-consecutive placement in the Top 10 for the prestigious honor. Collin 60 annually recognizes the 60 fastest-growing companies in the North Texas county. Selected from an area boasting more than 15,000 private companies, qualifying businesses had to have been operating since 2005, be privately owned and have top-line sales in 2006 of \$250,000 to \$20 million. The finalists were then ranked by percentage of growth over the last three years.

“Two years, two Top 10 finishes at the Comerica Bank Collin 60 awards. Once again, we are thrilled to be considered one of Collin County’s fastest-growing companies,” said Charles Capers, CEO of Trilogy Circuits. “At Trilogy, we consistently strive to provide our customers with the best products, services and support in the EMS market. We’ve built a foundation on relationships, collaborating with our clients and earning their trust. Our personalized service and superior project management helps ensure that we meet each client’s specifications and requests. Only through that dedication and determination, not to mention the support from our valued customers, has this success been possible.”

### **About Trilogy Circuits**

Trilogy Circuits provides turn-key services for the development of electronic devices and products. From printed circuit board (PCB) design to fully assembled boards as well as complete box and cable assemblies, Trilogy helps its customers achieve a faster time-to-market in an efficient manner. The company is headquartered in Richardson, Texas. For more information, visit [www.trilogycircuits.com](http://www.trilogycircuits.com).
